INSTRUCTIONS

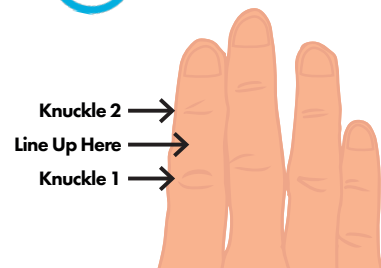

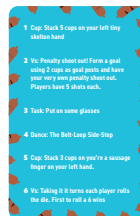

GAMEPLAY

Before starting, players should roll the dice and it will determine how many sausage fingers you are allowed to use. This must be repeated by each person at the start of each of their turns.

Players then draw a card from the deck and they then must try to complete the tasks on the card using only their permitted allowance of sausage fingers (do not read them out loud for others to hear as they have to guess what task you are completing – except for Cup and Vs tasks). Each task successfully completed earns a point for the player, players can skip tasks if needed, this just means they earn less points!

Players must wear their sausage fingers so that knuckle 2 (see image) is covered by the sausage finger, but knuckle 1 (see image) is not covered

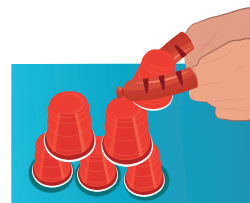

ACTING TASKS

If a player has an acting task on their card, they must act out what the cards tell them to. The acting is split into: Gestures, Spelling and Expressions.

CUP TASKS

If a player has a cup task on their card, they must use the tiny cups to complete the task. These could be such things as cup stacking to bouncing a ball into the tiny cups. For this game mode you will need great sausage-eye coordination!

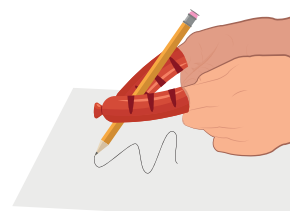

ACTION TASKS:

Cards featuring an action task require players to complete everyday tasks using only your sausage fingers.

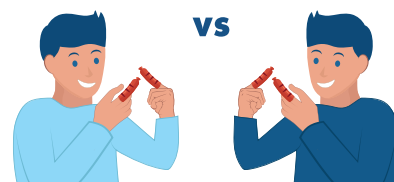

DRAW TASKS:

To complete these tasks, you will need a pen or pencil and some paper, then draw the item on the card for other players to guess. If a player guesses correctly, you win the point.

VS TASKS:

If a player has a Vs task on their card, they must choose which player to come up against – this is the perfect opportunity to resolve any sausage-based grievances! The Vs tasks need both players to have a pair of sausage fingers each. In the Vs tasks, the winning player earns the point.

BUFFET CARDS

Some cards are Buffet cards, when a player draws a card from the deck and the card then left at the top of the pile has 'Buffet' written on it, the tasks on the card you drew from the deck must follow the below rule!

Players can use as many sausage fingers as they like for each task on the card – BUT – they must complete every task on the card within a time limit – please decide your own time limit (we however recommend 90 seconds). The Buffet cards are all or nothing, meaning that players either earn 6 points or none!

PLAYERS MUST BE WEARING THEIR SAUSAGE FINGERS AT ALL TIMES WHEN COMPLETING THEIR TASKS.
